View product online

Description

FLUTE drip coffee maker designed for quick and efficient coffee preparation with 1000 watts of power. It features a permanent nylon and metal filter that allows you to get an intense and full-bodied flavor, preserving the essential oils of the coffee. The glass carafe has a capacity of 1.8 liters,

Technical Specifications

- Power: 1000 W
- Kettle Capacity: 1.8 Liters
- Product Dimensions: 31.5 x 16 x 26 cm
- Removable Permanent Filter (Nylon and Metal)
- nominal Current: 4.35 A

Its modern and functional design makes it suitable for daily use in both homes and professional settings. The ease of cleaning is facilitated by the removable filter and glass carafe, which allows visual inspection of the brewing process.

It fits easily on countertops or coffee stations. The heating system keeps coffee hot for an extended time, while its anti-drip protection prevents spills during preparation. Its operation is simple and effective for those looking for a practical solution in daily life.
