Description

Decorator frame designed for easy integration into standard mounting systems, compatible with conventional standards. Its construction in galvanized steel with protective coating ensures resistance and durability in indoor or outdoor environments. It facilitates the visual presentation of individual items such as photos, illustrations, or decorative objects.

Technical Specifications

- Materials: Galvanized steel with protective coating
- Dimensions: 100 x 100 mm (approximate)
- Weight: Approximately 500 g

Its minimalist design allows for discreet integration in various environments without imposing visually. It is suitable for residential or commercial applications where functionality and clean aesthetics are required.

Installation is simple thanks to the included mounting system, allowing easy placement on walls or flat surfaces. It is recommended to use the provided screws for secure and durable fixation.
