Product sheet

Brand: SIMON

Reference: SIMON 44602000-130

In-table kit, fully customizable, featuring a cover, brush, 2 Schuko sockets, and 4 empty elements. Available in white color and part of the Simon 400 series. Dimensions are 340x185x85mm and it withstands heat above 70ºC. Installation can be flush-mounted in furniture, secured via the supplied claws or alternatively with screws through the available holes. This kit is manufactured with painted steel, anodized aluminum profile, covers and fasteners in self-extinguishing thermoplastic free of halogens. These materials provide complete safety by preventing flame propagation (in case of fire) and ensuring low toxicity (in case of smoke emission). To clean it, you only need to use a dry, soft cloth and avoid cloths and/or abrasive cleaners containing chlorine in their formula.
