Product sheet

Brand: SIMON

Reference: SIMON 44502000-130

Customizable in-table kit with cover and brush, 2 Schuko socket bases and 3 empty elements, belonging to the Simon 400 series and in white color finish. It withstands heat above 70ºC and has dimensions of 295x185x85mm. It can be installed flush-mounted in furniture, and when fixing it, you must use the claws included in the kit or alternatively use screws in the available holes. The enclosure of this kit is made of painted steel, the profile in anodized aluminum, and the covers and fasteners in self-extinguishing, halogen-free thermoplastic, a material that promotes low toxicity and non-flame propagation. Its maintenance is very simple, as you only need to wipe it with a soft, dry cloth and avoid using any abrasive cloth or cleaner containing chlorine in its formula.
