Product sheet

Brand: SIMON

Reference: SIMON 44502000-138

Customizable in-table kit from the Simon 400 series, in black, featuring a brush, cover, 2 Schuko sockets, and 3 empty elements. It has dimensions of 295x185x85mm, manual elevation, and wiring access via the brush. It has a current rating of 16A and operates with a 250V power supply. This kit is suitable for flush mounting in furniture. When fixing it, you can use the claws included in the kit or secure it using screws in the available holes. To clean this kit, use a soft, dry cloth and avoid cloths and/or abrasive cleaners containing chlorine in their formula, as they could damage it and cause malfunction. The housing is made of painted steel, the profile of anodized aluminum, and the covers and fasteners of halogen-free self-extinguishing thermoplastic.
