Product sheet

Brand: SIMON

Reference: SIMON 44501000-138

Customizable in-table kit with cover and brush, 1 Schuko and 4 empty elements, black, Simon 400. Kit in black finish, belonging to the Simon 400 series, featuring a cover, brush, 1 Schuko, and 4 empty elements. Its dimensions are 295x185x85mm, with a current rating of 16A and operating voltage of 250V. It can be installed flush-mounted in furniture; for fixing, you will need to use the claws included in the kit or screws (in the available holes). Additionally, to complete the product installation, you must combine the kit with Simon 400 functions (references 4000XXX-03X). The housing is made of painted steel, the profile of anodized aluminum, and the covers and fasteners of halogen-free, self-extinguishing thermoplastic, a highly safe material that prevents flame spread and has low toxicity. To clean it, simply wipe with a soft, dry cloth, avoiding any abrasive cloths or cleaners containing chlorine.
