Description

Adjustable ceiling plenum in black and gold design, with matte base of 200x200 mm. Incorporates four GU10-35 lights that allow individual adjustment of the light angle, ideal for directed lighting in residential and commercial spaces.

Technical specifications

- Base: 200x200 mm
- Material: Matte black base with golden bulbs
- Built-in lights: 4 x GU10-35
- Connection: Compatible with GU10-35 system

Its modular design facilitates installation in conventional lighting systems. Recommended for areas where controlled and customized light distribution is required, such as living rooms, offices or work areas.

The configuration allows adapting the direction of each light according to the needs of the space, improving both functionality and aesthetic appearance. Installation is simple and does not require additional maintenance after commissioning.
