Product sheet

Brand: SIMON

Reference: SIMON 44601000-138

Customizable in-table kit, in black color, belonging to the Simon 400 series, featuring a cover and brush, 1 Schuko socket, and 5 empty elements. Its dimensions are 340x185x85mm, with a current rating of 16A and an operating voltage of 250V. To complete the product installation, it must be combined with Simon 400 functions (refs. 4000XXX-03X). Regarding its manufacturing materials, the following have been used: painted steel housing, anodized aluminum profile, covers and fasteners made of self-extinguishing, halogen-free thermoplastic, which promotes low toxicity (in case of smoke emission) and non-flame propagation (in case of fire). It is a kit suitable for recessed installation in furniture, either using the integrated claws or screws through the available holes. To clean it, you only need to use a soft, dry cloth.
