Product sheet

RJ45 S/FTP Cat 6A Copper LSFH 1m Gray Network Cable

Brand: TELEVES

Reference: TELEVES 209112

This Cat 6A S/FTP pre-connected Ethernet network cable measures 1 meter and uses 26 AWG flexible copper conductors. It features individual paired and global shielding, gold and nickel-plated RJ45 connectors, 1.1 mm PE insulation and grey 0.59 mm LSFH cover.

Description

The S/FTP Cat 6A LSFH Ethernet Network Cable is a high-performance data transmission solution designed for environments that require maximum immunity to electromagnetic interference and compatibility with PoE/PoE+ power technologies. Its robust construction allows its use in critical infrastructure of local networks, data centers and high definition video surveillance systems.

Technical characteristics

- Transmission category: Cat 6A (IEC).
- Internal drivers: Flexible copper of 26 AWG.
- Armouring structure: Type S/FTP (single paired and global cable shielding).
- Insulation of the driver: Polyethylene (PE) 1,1 mm in diameter.
- Global shielding: Aluminium + polyester foil and aluminium mesh.
- Outer cover: Material LSFH (Low Smoke Free of Halogen), grey, 0.59 mm thick.
- Total cable diameter: 6.2 mm.
- RJ45 connectors: Gold-plated finishes and nickel-plated housing.
- Nominal speed (NVP): 79 %.
- Length: 1 meter pre-connected.

Thanks to its S/FTP shielding and LSFH cover, this cable guarantees a nominal speed of 79% with minimum signal loss and no toxic smoke emission in case of fire, ensuring the safety of users and the integrity of the installation in confined or public spaces.

The installation is easy due to its fixed length of 1 meter and RJ45 connectors with locking lever and anti-deformation molding cuff. It is easily attached to the connection boxes by means of the cuff, allowing quick and safe mounting without the need for additional tools for initial mechanical fixation.

Specifications

High	4
Width	2
EAN	8424450250846
Length	1 m
Measures	4 x 2
Type of cable	UTP data cable
