Product sheet

Brand: SIMON

Reference: SIMON 44501000-130

Customizable in-table kit from the Simon 400 series, in white color, with cover and brush, 1 Schuko and 4 empty elements. Its dimensions are 295x185x85mm and it is a kit suitable for flush mounting in furniture; for its fixing, you must use the claws incorporated in the kit or use the screws in the available holes. Although to complete the installation of the product it must be combined with the Simon 400 functions (refs. 4000XXX-03X). The housing is made of painted steel, its profile in anodized aluminum, while for the covers and fasteners, halogen-free and self-extinguishing thermoplastic has been used, which is a very safe material as it does not favor flame propagation nor high levels of toxicity. To clean it, you only need to wipe it with a soft, dry cloth and never use cloths or abrasive cleaners with chlorine.
