Brand: SIMON

Reference: SIMON 46604000-138

Customizable in-table kit with 2-opening cover and brushes, 8 Schuko sockets and 4 blank elements, black, Simon 400. If you want to buy the safest built-in furniture sockets on the market, you should trust the Simon 400 series. In this range, you can acquire the customizable in-table kit with a cover featuring two openings and brushes, eight Schuko socket bases, and four blank elements in black, which includes a Wieland® gst18i connector with three male poles and a 22 cm pigtail. Compatibility with the rest of the products in the Simon 400 series and price are among its other advantages. With a current rating of 16A and a voltage of 250 V, the most innovative design and maximum safety form the perfect combination in this product, manufactured with a painted steel enclosure, anodized aluminum profile, covers and fixings in halogen-free self-extinguishing thermoplastic, components that prevent flame spread in case of fire and ensure low toxicity in case of smoke emission.
