Description

Triangular file with handle 4 entrefine 4005 BELLOTA, designed for machining and finishing work in metals, wood or plastics. Its triangular shape allows precise access in reduced spaces and greater efficiency in the roughing and polishing of angular surfaces.

Technical characteristics

- Mark: BELLOTA
- Model: 4005
- Type: Triangular limes
- Handle: 4 entrefine
- Material: Carbon steel of the best quality
- Treatment: At the temper

The tempering treatment improves the hardness and strength of the steel, ensuring a prolonged performance in continuous work. Its design with 4 interfine handle offers a stable grip and precise control during use.

Specifications

EAN	8414299134728
Long	4005
Material	Acero al carbono

Measures	4005 mm
