Product sheet

Brand: SIMON

Reference: SIMON 44505000-130

Complete in-table kit with cover, brush, and 5 Schuko-type socket bases, in white color, belonging to the Simon 400 series. The dimensions of this kit are 295x185x85mm and it is capable of withstanding heat exceeding 70ºC. The enclosure of this kit is made of painted steel, the profile of anodized aluminum, and the covers and fasteners of self-extinguishing, halogen-free thermoplastic, a material that promotes low toxicity and non-flame propagation. The kit can be installed flush-mounted in furniture, and for fixing, you can use the integrated claws or screws through the available holes. To clean it, it can be done very easily, as you only need to wipe it with a soft, dry cloth and never use cloths or abrasive cleaners containing chlorine in their formula.
