Product sheet

Brand: SIMON

Reference: SIMON 44505000-138

Complete in-table kit, in black color, belonging to the Simon 400 series. This kit includes a cover, brush, and 5 Schuko-type socket bases. It has dimensions of 295x185x85mm, a current rating of 16A, and operates at a voltage of 250V. The installation of this kit can be done flush-mounted in furniture, and its fixing is achieved through the integrated claws or with screws in the available holes. The housing is made of painted steel, the profile of anodized aluminum, and the covers and fasteners are made of self-extinguishing, halogen-free thermoplastic, a very safe material that favors non-propagation of flames and a low level of toxicity. To clean it, you only need to wipe it with a dry, soft cloth and avoid abrasive cleaners and cloths containing chlorine in their formula.
