Brand: SIMON

Reference: SIMON 42605000-138

Customizable tabletop kit with 5 Schuko socket bases and 1 empty element, black Simon 400. Customizable tabletop kit with 5 Schuko socket bases and 1 empty element, from the Simon 400 series in aluminum color finish. Its dimensions are 295x120x80mm and it features manual elevation and wiring access via brush. Its current rating is 16A and it operates at a voltage of 250V. The decorative cover is made of painted steel, the profile of anodized aluminum, and the covers and fasteners of halogen-free, self-extinguishing thermoplastic, which is a very safe material that guarantees non-propagation of flames in case of fire and a low level of toxicity in case of smoke emission. It is a kit suitable for flush mounting in furniture using the incorporated clamps, and to complete the installation of the product it must be combined with Simon 400 functions (references 4000XXX-03X).
Cleaning this kit is very easy as you only need to use a dry and soft cloth, without having to resort to abrasive cleaners or cloths containing chlorine. ç
