Brand: SIMON

Reference: SIMON 42604000-138

Customizable desktop kit with 4 Schuko socket bases and 2 blank elements, black Simon 400. Achieve the highest quality for your connections in your workspace thanks to the desktop kit from the Simon 400 collection. Designed to expand the functionalities of a single mechanism and facilitate the connectivity of your devices, this Simon kit, with black finishes, consists of 4 Schuko-type socket bases and 2 blank elements. Furthermore, to optimize both space and the mechanism's functions, you can customize it according to your needs. With manual elevation, its power source connects to 3-pole male aerial Wieland gst 18i connectors and a 22 cm lead. It is compatible with a supply voltage of 250 Volts and a current of 16 Amperes. Additionally, it has an insulation resistance of >5 MO at 500 V. Designed for flush mounting, it is fixed to the space using integrated clamps and has dimensions of 295x120mm and a depth of 80mm, to guarantee the complete integration of the assembly into the space.
