Product sheet

Brand: SIMON

Reference: SIMON 42504000-130

Customizable tabletop kit with 4 Schuko socket bases and 1 empty element. This piece is white and belongs to the innovative Simon 400 series. It measures 250x120x80 millimeters and is rated for 250 volts and 16 Amperes. Its 5 elements can be manipulated in a very simple way thanks to its manual lifting system. A piece created to integrate perfectly into any space. High-quality materials are a fundamental characteristic of all Simon products. This kit includes a painted steel decorative cover, an anodized aluminum profile, and covers made of halogen-free self-extinguishing thermoplastic that prevent the creation of toxic fumes and the propagation of flame in case of fire. To complete the installation of this piece, we must use the Simon 400 functions.
