Product sheet

Brand: SIMON

Reference: SIMON 42503000-138

Customizable tabletop kit with 3 Schuko socket bases and 2 empty elements, black Simon 400. With 3 socket bases and 2 empty elements, the Simon 400 tabletop kit allows you to customize and adapt it to the specific needs of the space. Ideal for work areas, the kit integrates perfectly into compact spaces, guaranteeing maximum functionality in a design with simple lines and black finishes. With an installation designed to be embedded in furniture using incorporated clamps, it does not require additional tools and connects directly to a Wieland figure, minimizing assembly time while maximizing the quality of the functions. It is compatible with a supply voltage of 250 Volts and 16 Amperes of intensity, with an insulation resistance of >5 MO at 500 V. It is made of anodized aluminum and halogen-free self-extinguishing thermoplastic, which prevents flame propagation and smoke toxicity in case of fire.
