Product sheet

Brand: SIMON

Reference: SIMON 42602000-130

Customizable tabletop kit with 2 Schuko socket bases and 4 blank elements, white Simon 400. Optimize space and enhance functionality with the Simon 400 collection tabletop kit. Featuring 2 socket bases and 4 blank elements, this kit is fully customizable to adapt the mechanism to the specific needs of the environment. With white finishes and a compact design for flush mounting, the kit integrates perfectly into all types of spaces, offering a minimalist style suitable for any setting. Compatible with a voltage of 250 Volts and a current intensity of 16 Amperes, it has a dielectric strength of 2000 V at 50Hz per minute and an insulation resistance of >5 MO at 500 V. Its power supply connects to a Wieland tsg 18i 3-pole male connector with a 22 cm lead. Made with an anodized aluminum profile and self-extinguishing, halogen-free thermoplastic covers and fasteners, it protects the room in case of fire by preventing flame spread and smoke toxicity.
