Brand: SIMON

Reference: SIMON 42602000-138

Customizable desktop kit with 2 Schuko socket bases and 4 empty elements black Simon 400. With the Simon 400 collection desktop kit, you will equip your workspace with maximum functionality and innovation for your connection devices in minimal space. With black finishes, this kit consists of 2 Schuko socket bases and 4 empty elements so you can customize your kit with the specific functions required by the environment. With dimensions of 295x120x80mm, its installation is designed to be flush-mounted to ensure full integration of the assembly, optimizing space. Compatible with 250 V and 16A voltage, it connects the power source to a Wieland gst 18i figure with 3 male poles and a 22 cm lead. Additionally, it has an insulation resistance >5 MO at 500 V and a dielectric strength of 2000 V at 50Hz. Simon 400 adapts to the technical demands of new workspaces, providing you with maximum functionality and innovation in an optimized space, with this kit customized to your taste.
