Brand: SIMON

Reference: SIMON 42502000-130

Customizable countertop kit with 2 Schuko socket bases and 3 blank elements, white Simon 400. Ideal for optimizing space in work areas, the customizable countertop kit from the Simon 400 collection achieves a balance between maximum functionality for your connections and the most current and elegant design. With a white finish, the kit includes 2 Schuko socket bases and 3 blank elements, in a compact size of 250x120x80mm. Designed for flush mounting in furniture with manual lifting, it requires no additional tools, thanks to its mounting via integrated clamps. With Wieland connection, it is compatible with a supply voltage of 250 V and 16A, and has an insulation resistance of >5 MO at 500 V and dielectric strength of 2000 V at 50Hz/minute. It is manufactured with anodized aluminum and self-extinguishing, halogen-free thermoplastic, protecting the room in case of fire by preventing flame spread and smoke toxicity.
