Customizable desktop kit with 1 Schuko socket base and 5 empty elements black Simon 400. With the customizable desktop kit from the Simon 400 collection, you will achieve maximum functionality for your connection devices in minimal compact space. Featuring a simple line design and black finishes, this kit consists of 1 Schuko socket base and 5 empty elements, allowing you to include the specific functions required for the room. Ideal for work areas, the kit is designed for flush mounting, secured by integrated clamps, and has dimensions of 295x120x80mm. Compatible with a voltage of 250 V and a current of 16A, its dielectric strength is 2000 V at 50Hz for one minute, and it has an insulation resistance of >5 MO at 500 V. This kit connects to a Wieland gst 18i figure with 3 male air poles and a 22 cm lead. Manufactured with anodized aluminum and halogen-free self-extinguishing thermoplastic, it protects the room in case of fire and prevents flame spread and smoke toxicity.
