Brand: SIMON

Reference: SIMON 42401000-138

Customizable desktop kit with 1 Schuko socket base and 3 empty elements black Simon 400. Adapting to the technical demands of new workspaces, the Simon 400 customizable desktop kit brings together in a single space all the electrical and connection functions required by the environment. With 1 Schuko socket base and 3 empty elements, this kit adapts the space to the needs, clearing desks and workstations, and providing more spaciousness and greater functionality. With a design of simple lines and black finishes, it has a dimension of 205x120x80mm and is designed for flush-mounted installation in furniture, without the need for additional tools. It is compatible with a voltage of 250 V and an intensity of 16A, and its power supply connects to a Wieland gst 18i figure with 3 male air poles and a 22 cm lead. Additionally, it has an insulation resistance of >5 MO at 500 V, and 2000 V at 50Hz/minute of dielectric strength.
