Product sheet

Brand: SIMON

Reference: SIMON 42401000-130

Customizable tabletop kit with 1 Schuko socket base and 3 empty elements, white Simon 400. With 1 Schuko socket base and 3 empty elements, the Simon 400 customizable tabletop kit unifies its electrical and connection devices in a single mechanism, optimizing space and enhancing functionality. Featuring a compact design and a bold white finish, the kit integrates into all types of spaces, adding a contemporary style with minimalist touches. Designed for surface mounting on furniture, the installation requires no additional tools as it is carried out using pre-incorporated clamps. Connected to a Wieland gst 18i figure, it is compatible with 250 Volts of voltage and 16 Amperes of current. Additionally, it has an insulation resistance of >5 MO at 500 V, and 2000 V at 50Hz/minute of dielectric strength. Manufactured with anodized aluminum and self-extinguishing halogen-free thermoplastic, it prevents flame spread and smoke toxicity in case of fire.
