Product sheet

Brand: SIMON

Reference: SIMON 42606000-138

Complete countertop kit with 6 black Schuko socket bases Simon 400. Complete countertop kit with 6 Schuko-type socket bases, in black color and from the Simon 400 series. Its dimensions are 295x120x80mm and its elevation is manual type, with an intensity of 16A and operating voltage of 250V. It withstands heat above 70ºC, and its decorative cover is made of painted steel, anodized aluminum profile, covers and fasteners in self-extinguishing halogen-free thermoplastic, which guarantee non-propagation of flame in case of fire and low toxicity in case of smoke emission. It is a kit suitable for embedding in furniture and is fixed through integrated clamps. To clean this kit, you only need to use a soft, dry cloth and avoid using cloths or abrasive cleaners containing chlorine in their formula, as this could cause damage and prevent proper operation.
