Product sheet

Brand: SIMON

Reference: SIMON 42604040-130

Complete countertop kit with 4 Schuko socket bases and a plate for 4 RJ45 connectors, white, Simon 400. Complete countertop kit with 4 Schuko socket bases and a plate for 4 RJ45 connectors, in white color, belonging to the Simon 400 series. Its dimensions are 295x120x80mm and its elevation is manual type, featuring an intensity of 16A and operating at a voltage of 250V. To install the kit, it can be flush-mounted in furniture using the included claws, and to complete the product installation, it must be combined with Simon 400 functions (references 400XXX-03X), and such installation must always be carried out in places with a temperature between -5 and 60ºC, approximately. The kit housing is made of painted steel, the profile of anodized aluminum, and the housing of painted steel, while the covers and fasteners are made of halogen-free and self-extinguishing thermoplastic. Cleaning is very easy, as you only need to wipe it with a soft, dry cloth, without ever resorting to abrasive cleaners or cloths containing chlorine.
