# Product sheet

Brand: SIMON

Reference: SIMON 42403020-138

Complete desktop kit with 3 Schuko socket bases and a plate for 2 RJ45 connectors, black, Simon 400. Looking for a safe and functional connection? Thanks to the Simon 400 series, safety is guaranteed, as its covers and fasteners are made of self-extinguishing thermoplastic, which prevents flame spread in case of electrical device overheating. Being manufactured with halogen-free materials, smoke emission will have low toxicity. A functional desktop kit featuring 3 Schuko socket bases and a plate for 2 RJ45 connectors, made of metal with a black finish. Simon offers a manual lifting system for this 4-element kit, with dimensions of 205x120x80 millimeters. Suitable for 250 volts and a current of 16 Amperes. This kit features a painted steel decorative cover and offers high resistance, as its profile is made of anodized aluminum. A quality product, perfect for spaces requiring accessible and safe connections.
