Product sheet

Brand: SIMON

Reference: SIMON 42403020-130

Complete desktop kit with 3 Schuko socket bases and plate for 2 RJ45 connectors, white, Simon 400. Simon launches its new 400 series, a series that allows for better and safer connectivity, perfect for both workspaces and the home. An example of this is this complete desktop kit with 3 Schuko socket bases and a plate for 2 RJ45 connectors. Made of metal with a white finish, it features a painted steel cover plate with an anodized aluminum profile. Simon takes safety very seriously, which is why it manufactures the cover plates and fixings in halogen-free self-extinguishing thermoplastic, ensuring non-propagation of flame in case of fire and low toxicity in case of smoke. This 4-element version has dimensions of 205x120x80 millimeters. It offers an intensity of 16 Amperes and a voltage of 250 volts. It features a manual lifting system that hides this electrical kit when not in use.
