Brand: SIMON

Reference: SIMON 46606000-138

Complete in-table kit with cover, 2 openings, brushes, and 12 Schuko socket bases, black, Simon 400. The Simon 400 series contains the most complete kits for flush-mounted electrical installations in residential, corporate, and commercial furniture. In this range, we find the complete in-table kit with cover, two openings, brushes, and twelve Schuko socket bases in black. The avant-garde lines of its structure include a painted steel enclosure, anodized aluminum profile, covers, and fasteners made of self-extinguishing, halogen-free thermoplastic. Other features include a Wieland® gst18i figure connector with three male poles, an aerial pigtail of 22 cm, insulation resistance of >5 MO at 500 V, and dielectric strength without perforation or contouring at 2000 V at 50Hz for 1 minute, current rating of 16A, and voltage of 250 V. To complete the product installation, it must be combined with Simon 400 functions. All this with the best quality-price ratio.
