

Product sheet

Brand: SIMON

Reference: SIMON 27134-65

16AX 250 V bipolar switch with integrated pilot light and screw terminal system, white in color, belonging to the Simon 27 Play series. It features quick connection terminals and is classified under the "control mechanisms" category with a rocker operation type. Installation is suitable for surface mounting or flush mounting. The Simon 27 Play series aims to let customers enjoy decorating, which is why they have created a revolutionary concept for taking the initiative to redecorate their own spaces. It also includes a range of interchangeable covers and keys, allowing for thousands of combinations. Additionally, it offers solutions for all types of environments, enabling you to adapt the switch to any setting. The switch is manufactured with metallic components, halogen-free thermoplastic insulation, and a thermally stable trim, ensuring full performance at temperatures ranging from 5°C to 40°C.

Description

Simon 27 16A wide bipolar switch with white snow pilot light SIMON 27134-65

The **Simon 27** series is one of Simon's most versatile and colorful mechanism series. It features a wide range of interchangeable frames and covers to best adapt to the needs of each project.

Although the mechanism is shared across the different variants of the series, the frames offer a wide range of possibilities.

On one hand, there is the classic **Simon 27** series, with frames featuring intermediate and external trim pieces, offering a more rounded finish.

On the other hand, there are the frames from the **Simon 27 NEOS** series, finished in matte or glossy glass, with soft and bold colors that give it a completely different look compared to the classic series.

Finally, the **PLAY** range changes the appearance of the frames, available in two colors, white and Marfil, but with a multitude of interchangeable covers ranging from the simplest to the boldest and most

unrestrained.

In addition, this mechanism is also compatible with the **Simon 44 Aqua** series, Simon's waterproof series.

Specifications

Colour	White
EAN	8421053036037
Manufacturer	Simon
Piece type	Electrical mechanisms
Series	Simon 27
