Brand: SIMON

Reference: SIMON 27134-61

Half-module bipolar switch with integrated pilot light and quick connection system in Marfil, from the Simon 27 Play range. With a rating of 16AX and voltage of 250 V, it features a rocker operation and is suitable for 1 module. It includes an indicator function consuming 0.55 mA and has no engraving on the key. For installation, simply press or place it on the surface. The accepted cable cross-section is 1.5 to 2.5 mm, and it comes with 11 mm of stripped cable. The material consists of metallic components with halogen-free insulation and a thermoplastic cover, operating between 5 and 40°C, capable of withstanding temperatures up to a maximum range of -25 to 50°C. The switch dimensions are 22.5x45 mm, although other sizes and colors are also available. To keep the part clean, use a soft, dry cloth; under no circumstances should cloths or abrasive cleaners with high chlorine content be used. Complies with the standard EN 60669-1:1999+A1:2002+A2:2008 + EN 50581:2026

Description

16A bipolar switch with narrow ivory pilot SIMON 27134-61

The **Simon 27** series is one of Simon's most versatile and colorful mechanism series. It features a wide range of interchangeable frames and covers to best adapt to the needs of each project.

Although the mechanism is shared across the different variants of the series, the frames offer a wide range of possibilities.

On one hand, there is the classic **Simon 27** series, with frames featuring intermediate and external trim pieces, offering a more rounded finish.

On the other hand, there are the frames from the **Simon 27 NEOS** series, finished in matte or glossy glass, with soft and bold colors that give it a completely different look compared to the classic series.

Finally, the **PLAY** range changes the appearance of the frames, available in two colors, white and ivory,

but with a multitude of interchangeable covers ranging from the simplest to the boldest and most unrestrained.

In addition, this mechanism is also suitable for the **Simon 44 Aqua** series, Simon's waterproof series.

Specifications

Colour	Marfil
EAN	8421053075562
Manufacturer	Simon
Piece type	Electrical mechanisms
Series	Simon 27
