Product sheet

Brand: SIMON

Reference: SIMON H114

114 mm diameter cutting crown for the installation of a Simon K45 Teleblock telescopic profile. This cutting crown is manufactured with a tempered steel metallic finish. It is specifically designed to embed any telescopic profile from Simon's SK45 range into furniture. Thanks to the materials used in its manufacture, the Simon cutting crown withstands highly variable temperatures. Generally, the maximum and minimum temperatures range between -5 degrees and +60 degrees Celsius.
