Reference: SIMON 40001193-030

3XRCA female-to-female connector with pigtails and integrated cover plate, white, Simon 400. Simon is known for creating solutions for all types of environments. The need for multimedia connectors is growing, which is why Simon offers this 3XRCA female-to-female connector with pigtails and an integrated cover plate, finished in white from the Simon 400 series. With this component, you can connect your multimedia devices easily and neatly without having to move the television. These connections feature 3 inputs: yellow for composite video, and red and white for audio, delivering high-quality stereo sound. This component is highly resistant to temperature changes, supporting a range from -5 to +60°C. For proper maintenance, avoid using cloths and/or abrasive cleaners containing chlorine. With over 100 years of history, Simon is a global reference in the manufacture of low-voltage electrical equipment.
