Product sheet

Brand: SIMON

Reference: SIMON 40001191-038

Female-to-female USB Type “A” connector with cord and integrated plate, black, Simon 400. Simon is a Spanish company with over 100 years of history that, thanks to the effort of several generations, has become a global reference in the manufacture of low-voltage electrical equipment. Simon constantly challenges itself with design and innovation, striving to achieve maximum energy efficiency in all its products. A clear example of design and cutting-edge technology is this female-to-female USB Type “A” connector with a cord and integrated plate, finished in black, from the Simon 400 series. Thanks to this component, we can charge all our devices quickly and efficiently. As it is the most widely used USB connector today, it is a perfect product for hotels, public places, and domestic use. A product that withstands temperatures between -5 and +60° C and is very easy to maintain, as using a soft, dry cloth will keep the piece looking like new for many years.
