Product sheet

Brand: SIMON

Reference: SIMON 75541-39

RJ45 AMP® Category 5e FTP data connector. RJ45 AMP® Category 5e FTP data connector. Regarding manufacturing materials, it is composed of metallic components with halogen-free thermoplastic insulation. The applicable legal framework is as follows: TIA 568 C. 2. With regard to extreme temperature ranges, the operating range is between 5 and 40º (pay special attention to high summer temperatures), while the storage range is between -25 and 50º C. It belongs to the Simon 75 series, a collection that offers consumers an extensive range of mechanisms to equip different spaces. It allows choosing, for the same frame, an extensive range of colors. This results in countless combinations to create the ideal environment that best suits the different needs of users. This mechanism is also compatible with Simon series 31, 82, and 88.
