

Product sheet

Brand: SIMON

Reference: SIMON 7501090-039

2xUSB 2.0 Type A Connector. 2xUSB 2.0 Type A female connector belonging to the Simon 82 series. The item has been manufactured using various materials and consists of metallic elements featuring halogen-free thermoplastic insulation. This quality provides greater safety and full guarantees to users who choose this connector. Additionally, it features a screw terminal system, ensuring maximum secure connection. Fixation is a key issue, as the proper functioning of the device depends on it. It is recommended that the maximum cable length be 5 meters for low-speed devices and 2.2 meters for high-speed devices. If you need more information, you can consult the product instruction manual. The Simon 82 collection proposes a concept that blends balance and simplicity in its devices. The minimalist design and diversity of electronic functions of these devices help create a trend.
