Product sheet

Brand: SIMON

Reference: SIMON ALK7200/8

Oval 2-sided aluminium column, 3 metres long, Simon K45. With 50 modules per side and a length of 3 metres, Simon K45 offers you this oval 2-sided mini-column made of aluminium to provide the best possible connectivity for your work area. To supply the column, a telescopic guide for pressure fixing to the slab of 0.5 metres is required, without the need for threading, which allows the fixing height to be extended to a maximum of 3.5 metres without the need for extension. Made of anodised aluminium, which guarantees greater product durability, it withstands temperatures ranging from -25ºC to over 120ºC. It also features metallic finishes so that your work area achieves maximum functionality, always with the elegant and minimalist designs characteristic of Simon K45. Maximum functionality in minimal space with the Simon K45 oval mini-column.
