Product sheet

Brand: SIMON

Reference: SIMON ALK2200/8

2-face square aluminium column, 3 metres long, Simon K45. This is a square aluminium column featuring 2 faces and a length of 3 metres. Its specific dimensions are 3000x80x80mm. It comprises 100 wide modules, 50 per face. This column is supplied with a 0.5-metre telescopic guide for pressure-based fixing to the slab, requiring no threading, allowing the maximum fixing height of the column to be extended up to 3.5 metres (without an extender). It is manufactured from anodised aluminium in compliance with regulations. The item belongs to the Simon K45 series, a collection offering all types of connection solutions for open-plan areas. Thanks to its simple fixing method, its mechanisms are ideal for temporary work zones. Since the columns are fixed to the slab by pressure and do not need to be screwed in, it is very easy to reconfigure the layout of workstations.
