Product sheet

Brand: SIMON

Reference: SIMON K126C/14

Graphite black 1.5A 5V/DC USB Type-A port charger for the Simon K45 series, includes a micro-USB lead. With dimensions of 22.5x45mm, it allows charging of USB devices up to 1.5A. However, the best feature, without a doubt, is its manufacture with metal components coated with self-extinguishing thermoplastic insulation and free of halogens, ensuring that flames do not spread in case of fire, as well as low toxicity in the event of smoke emission. Indeed, the Simon K45 collection offers solutions suitable even for the most demanding users.
