Product sheet

Brand: SIMON

Reference: SIMON KF400/1

Square low-depth floor box for 8 elements in grey for technical floor or paving Simon K45. The square low-depth floor box for 8 elements in grey for technical floor or paving belongs to the Simon K45 series, has dimensions of 329x252x69mm and is available in grey. It is a piece manufactured with metallic components coated with halogen-free thermoplastic, which has self-extinguishing properties to guarantee non-propagation of flames and very low toxicity in case of fire or smoke emission. And that is not all, thanks to its exclusive design for low-depth floors, you can install it in both technical floor and paving, simply combining the latter mode with the basin of ref. G401. The safest mechanisms for your home you will find in our exclusive Simon K45 collection. A collection designed to please all our clients thanks to the use of the best materials. Trust one of the best brands on the market and don't take the risk.
