Product sheet

Brand: SIMON

Reference: SIMON KS11/9

Schuko socket base 16A 250V with safety shutter and quick connection, white Simon K45. This Schuko socket base 16A 250V includes a safety shutter and features a quick connection system that maximizes installation ease. The item is suitable for surface and flush mounting and has a white finish. It belongs to the Simon K45 series, a collection designed to enhance connections in any environment. The piece consists of 2 modules and has been manufactured in compliance with current regulations. It measures 45x45mm. It contains metallic elements with insulation made of self-extinguishing, halogen-free thermoplastic, guaranteeing total safety in the event of a fire. In case of pin breakage or loss, a replacement can be requested from the manufacturer through reference AC33/6. Regarding maintenance, it is recommended to use a soft, dry cloth and avoid abrasive products.
