Product sheet

Brand: SIMON

Reference: SIMON KLS02/6

French socket outlet base 16A 250V with safety shutter, red screw luminous indicator Simon K45. This is a French-type socket outlet base featuring a safety shutter and a luminous indicator. It is red in color and belongs to the Simon K45 collection. It includes a screw terminal system, which significantly facilitates installation. It has 2 modules and is suitable for surface and flush mounting. Its dimensions are 45x45mm, making it a component that fits perfectly in all types of spaces. Regarding its manufacturing, the socket outlet base contains metal elements with insulation made of self-extinguishing, halogen-free thermoplastic. These special characteristics prevent flame propagation and ensure low toxicity in case of fire. The article stands out for its thermal resistance and, in fact, withstands temperatures up to 60ºC. For cleaning, use a soft, dry chamois and avoid abrasive products containing chlorine.
