

Product sheet

Brand: SIMON

Reference: SIMON RALK003/8

Ceiling trim for two-sided and oval column. Opt for a simple and functional finish in white color. This trim belongs to the Simon K45 series of floor-mounted products. It is made of thermoplastic material, free of halogenated components. Thanks to these materials, the product's performance is optimized over a wide temperature range (-25 degrees to +120 degrees Celsius). Furthermore, the thermoplastic used in Simon products minimizes toxicity in case of smoke emission and prevents fire spread. The product measures exactly 137x167 millimeters, with a depth of 12 millimeters. This trim has been designed as a replacement in case the original is lost or needs to be replaced. It is supplied injection-molded in white plastic. For cleaning, only use a dry, soft cloth, free of abrasive cleaning products or those containing chlorine in their formulation.
