Product sheet

Brand: SIMON

Reference: SIMON 75088-31

Simon 75 ivory adapter plate. The Simon 75 series includes items suitable for all types of environments, such as this ivory adapter plate. It is made of thermoplastic and measures 45x45mm. Its standard dimensions allow installation even in high-traffic areas. Furthermore, it is a product developed in compliance with regulations. It is suitable for flush mounting, and installation is recommended at an ambient temperature between 5 and 40º to ensure excellent preservation. Maintenance is also very important for this type of item. For cleaning, it is sufficient to use a soft, slightly damp chamois. It is available in 3 finishes. For a better result, it is recommended to select a frame that is the same color as the plate's base. With the variety of colors offered by the Simon 75 series, you will have no problem finding it. The plate does not include any engraving.
