Description

The 20m x 3mm Nylon Cable Pulling Guide Probe is an essential accessory for cable installation work in small or difficult-to-access spaces. With a length of 20 meters and a thickness of 3mm, this guide probe is made of high-strength nylon to guarantee durability and effectiveness in use. Its flexible and manageable design allows it to be easily inserted into narrow and curved conduits, facilitating the passage of cables safely and without damaging the structure. Ideal for electricians, computer network installers and construction professionals, this cable pulling guide probe is a versatile and practical tool that makes work easier on any wiring project.

Length: 20 meters
Thickness: 3mm
Material: High resistance nylon
Flexible and manageable design
Facilitates the passage of cables in small or difficult to access spaces
Ideal for electricians, computer network installers and construction professionals

Specifications

EAN	8425998485035
Manufacturer	EDM
Length	20 metros
Country of origin	India
Weight (kg)	0, 169
Cable cross-section (mm²)	3
