Description

The Cofra wrapper bag is ideal for storing anti-fall devices in a safe and organized way. Made of polyester, it has a front PVC pocket to insert the control card and other important documents. Its extreme capacity allows you to store a complete fall arrest kit, which includes a harness, safety rope with energy absorber and connectors. The practical polyester handle makes it easy to carry or hang when necessary. With dimensions of 33x38cm, this bag is the perfect solution to keep your anti-fall equipment always ready and protected.
