Description

Pool mesh 5x5m Leaf Pool Cover is an easy-to-install cover that does not need any fixing to stay above the water. Keep your pool clean of leaves and insects and enjoy bathing without spending time cleaning. During the hibernation season, protect your pool until the next season. The measurements are adapted to most prefabricated pools. The lead rope that runs along the perimeter of the Leaf Pool Cover gives it a weight that allows it to remain in place without needing to be fixed. It is not necessary to drill your garden or terrace, or carry out any work for its effective and quick installation. Made with high-density polyethylene (HDPE) monofilament fabric and polyamide rope with inner core with lead beads.

- Easy to install and does not need fixing
- Maintains the pool clean of leaves and insects
- Protects the pool during the hibernation season
- Measurements adapted to most prefabricated pools
- Lead rope to stay in place

- Made with high-density fabric and polyamide rope with lead rosary
