10 AX titanium pulsating switch

Series of mechanisms **Simon 270**[View product online](#)**Description**

SIMON 270 | 10 AX titanium pulsating switch 20000201-096

Discover all the functions they have created for **Simon 270** : switches, plugs, USB, TV sockets, RJ , dimmers, blind switches and special functions.

The electrical connections and mechanical fixings have been improved.

Practicality is not incompatible with aesthetics. In this collection, the different control mechanisms have the same usability and are of progressive pulsation. The entire surface of the key is useful and offers a very pleasant uniform touch with a short and precise actuation travel. In addition, its 100% pulsating mechanism makes the keys return to the same position, always remaining in perfect order and harmony.

The available colors are:
