**SIMON 10000133-138 | Button
for two-pole switch shiny black**

Brand: SIMON

Reference: SIMON 10000133-138

Key for bipolar switch of the Simon 100 series, in black with a shiny effect. The Simon 100 series is designed to make it easy for people to interact with it. That is why it is the most intuitive, simple and comfortable in terms of its use. All the mechanisms of the 100 series can be handled with total comfort, practically without looking at them or their control and regulation systems. With a beautiful design and the best properties. This product has been manufactured in PMMA with a thermoplastic base, guaranteeing maximum safety for the installations and, therefore, for the spaces where they are located.
