Description

The double key BLANCO Simon 28 28026-30 is a component of the renowned Simon 28 series, designed for use in electrical installations. This product offers a functional solution for grouping two switches or two changeover switches, facilitating the control of lighting and other electrical devices in various spaces.

- Design: White key that integrates harmoniously into various interior decorations.
- Compatibility: Suitable for use in changeover systems and for controlling multiple electrical circuits.
- Materials: Made with high-quality plastic, ensuring durability and wear resistance.
- Installation: Simple and quick mounting, compatible with mechanisms from the Simon 28 series.
- Dimensions: Compact design that allows for proper adaptation on different surfaces.
- Safety: Complies with current electrical regulations, ensuring safe use in domestic and commercial environments.

Specifications
